Howdy!

I hope all of you are having a great winter.

I love this time of year. I love to travel and sing, but in the winter months, we sing closer to home and get to spend more time at home with Mom and other members of our family. We usually have several sets of company, and we love hosting Christmas.

I also love to catch up on my emails and newsletters and spend more time with my NSP family.

I usually advertise my Home Study Courses more and stay busy sending those out and grading them and mailing certificates. People have a tendency to study better in the winter months. I'm so proud of you who did study hard and get your certificates. I'll list on the back everyone who passed the tests and give a little accolades to all of you. So, read the back carefully! Your name maybe posted there.

I have a new Bonus Plan I'll be offering, starting Jan 1st, 2009.

For all of you who don't order enough to get a bonus each month, I'm offering a plan to help you get a 10% discount. This applies to anyone, even if you are not a distributor or manager with Nature's Sunshine Products. You just need your order ready, preferably with stock numbers (but not mandatory) and a credit card number, along with your shipping address.

Call me with your order at Home Office 817-489-2466/Cell # 817-821-0266.

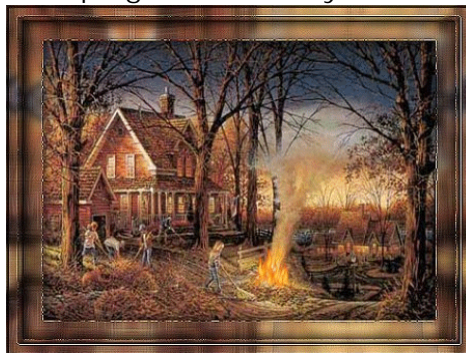

I'll call the order in and keep account of who ordered what under my name.

(This is the only way I can know who ordered what.)

When I get my bonus check around the 15th of the next month, I'll mail out your 10% rebate. SO, that way you can have a little extra spending money.

If you already order from the company and get more than 10% back in bonus' this will not apply to you. **This is only for the "little people" who don't buy enough each month to get a check from NSP.**

How's that for helping the economy? Let's all do our part.

I'm so proud of my home study students.
