Have you survived all the SARS, Bird Flu, and Staph? Don't forget Nature's Sunshine has provided many Immune building formulas to prevent such things from taking over our bodies. Even some great new formulas for children! You can't keep these bugs from landing on you, but you can keep them from setting up house on your skin or inside your body. If your Immune system is working properly, it recognizes invaders and kills them promptly.

### Some of the new formulas for your little hero:

- **Sunshine Heroes Multiple Vit/Mineral** - contains all recommended daily allowances for kiddos.
- **Sunshine Heroes Omega 3 w/DHA** - benefit's the brain, eyes and nervous system.
- **Sunshine Heroes Calcium plus D3** - help for bones, hair, teeth, growing pains.
- **Sunshine Heroes Probiotic Power** - helps metabolize foods, absorb nutrients, is very necessary after a round of antibiotics, which destroys these "friendly bugs".
- **Sunshine Heroes Whole Foods Antioxidant** - because they won't eat all their veggies, this gives them those needed nutrients.
- **Sunshine Heroes Whole Foods Papayazyme** - Makes sure all food is broken down for the body to use for all body systems.

We drove to Forest Hill, LA to teach a Certified Reflexology Class for **Joy Holloway**. We had a great time while there. Only 3 students attended, but each one got special attention and received and gave a foot reflexology. I also taught the Acupressure points for the neck and shoulders. It was

everyone's favorite, as it helps relive stress, headaches and "cricks" in the neck. See [www.Youtube.com jenkins1911](http://www.Youtube.com/jenkins1911)" for video clips of the class. Angie forgot to take still pictures.  
**Joy was telling me her husband, who is a severe diabetic, was to the point he could no longer work. She started him on Colloidal Minerals (stock # 4013-6) and he was back to work in just 3 weeks.**

We Certified:

**Joy Holloway, Retha Dianne Jenkins, and Rachel Trayhan.**

I presented **Joy Holloway, CR, CH** with her Certification in Herbology. She had finished her Home Study Course and received her certificate that day. She's worked really hard and I'm proud of her. She also took us fishing while we were there and we caught 69 fish! We had a great cook out and ate them. Can't get no fresher than that! LOL Thanks Joy for the wonderful time we had. My 80 year old Mom, Joyce Jenkins went with us and she will never forget that trip.

**I'm so proud of my home study students.**

We are still having testimonies come in about the Silver Shield gel and liquid. It's fast becoming everyone's favorite. I use it as a moisturizer on my face and it clears up acne, bumps, and pimples over night. Cuts, bruises, wounds, sunburn? Rub the gel on. It helps inflammation so it helps relieve arthritis pain as well. Don't be without it!
